

College Student Handbook

This sample handbook contains fictional college policies for practicing PDF processing and RAG. The information in this document is entirely fictional and should not be treated as real college policy.

1. Attendance Policy

Students are expected to maintain a minimum attendance of 75 percent in each course. Students who fall below the required attendance may be restricted from appearing for examinations. Attendance is recorded for lectures, tutorials, and practical sessions.

2. Examination Rules

Students must carry their valid college identity card during examinations. Students should arrive at least 15 minutes before the scheduled examination time. Electronic devices such as mobile phones and smart watches are not permitted inside the examination hall.

3. Library Policy

The college library is open from 8:00 AM to 8:00 PM on weekdays. Students may borrow up to three books at a time for a period of fourteen days. Books returned after the due date may result in a temporary borrowing restriction.

4. Leave Policy

Students who need leave should submit a leave request to their department. Medical leave should be supported by appropriate documentation. Approval of leave is subject to departmental rules and available records.

5. Computer Laboratory Rules

Students must use laboratory computers responsibly and must not install unauthorized software. Food and drinks are not permitted near laboratory equipment. Students should report damaged equipment to the laboratory supervisor.

6. Scholarship Information

Students applying for a college scholarship must submit the required application form before the stated deadline. Scholarship decisions may consider academic performance, attendance, and other eligibility requirements.

7. Student Conduct

Students are expected to behave respectfully toward classmates, faculty members, and college staff. Harassment, deliberate damage to college property, and disruptive behavior are not permitted.

8. Timetable and Classes

Students should check the official timetable for lecture, tutorial, and practical schedules. Room assignments may change, so students should check announcements before attending a class.

9. Emergency Information

In an emergency, students should immediately contact the college administration or campus security. Students should follow evacuation instructions and move to the designated assembly area.
